About us

What you should know

We believe that education is the key to create a society which is dynamic and Productive. Our talented, creative, responsible team uses most effective methods, and transforms this dream in to reality. We believe that the tender years of a child life should be shaped with love and care that is what we do at **NATH JI PRIVATE Industrial Training Institute** run by **Shiv Gouraksh Education and welfare society Uchana Mandi, Jind and affiliated to NCVT (National Council for Vocational Training) with order number DGT- 6/7/11/2016-TC Dated-25th/27th September, 2016.** So leave your young ones in to our hands and let us shape their wonder years and give them a head start in life.

NATH JI PRIVATE Industrial Training Institute is located at old bus stand, Palwan Road, Uchana Mandi (Jind). There is open, Clean and pollution free academic environment. It is fully equipped with all facilities like well developed information Centre, AVA Lab, Workshops, Captive Power Generator, Play Grounds, Internet and Telephones etc. All efforts are being made to keep the students in good health and comfort in an atmosphere congenial to students in rural set up away from the din and bustle of city life.

Mission

We at NATHJI Private Industrial Training Institute are committed to develop skill sets suitable to the advancement of manufacturing and Service sectors. Our mission is to inculcate skills among students for elevating them for greater acceptability for employment in the industries. We are working to achieve excellence in the field of technical education and prepare students for global leadership and participation.

Infrastructure

The institute follows the infrastructure requirements as laid down in the NCVT Annexure G -5 which details the information relating to the trade wise qualification, duration, unit size and trade wise requirement of space, power supply, equipment etc. The building and site plan of ITI and registration paper / lease documents etc. are uploaded in Accreditation application to NABET – QCI portal.

Training – learning process

Our ITI provides appropriate support and resources as per NCVT guidelines to impart training learning process with requisite number of hours and suitable methods. The teaching staff implements the course curriculum through a range of approaches and teaching strategies that recognize diverse learning style relevant to the learning needs. More number of practical sessions is given to the students to enrich their learning experience. Some of the methods used are;

- Lecture / Presentation
- Demonstration
- Exercises
- Practices etc.,
-
